Notice of Oral *Ex Parte* Communication

*RE: Promoting More Efficient Use of Spectrum Through Dynamic Spectrum Use
Technology; ET Docket No. 10-237*

Dear Ms. Dortch:

On Monday, May 23, 2011, on behalf of Wireless Communications Association International (WCAI), Fred Campbell, WCAI President and CEO; and Cathy Massey, Pete Gelbman and Jamie Cornelius of Clearwire Corporation met with Julius Knapp, Chief Engineer, Office of Engineering and Technology (OET); Ira Keltz, Deputy Chief, Office of the Chief Engineer; Geraldine Matisse, Chief, Policy and Rules Division of OET; Jamison Prime, Spectrum Policy Branch Chief; and Rodney Small and Hugh Van Tuyl of OET.

During the meeting, Mr. Campbell reiterated the concerns voiced in WCAI's reply comments – namely, that the dynamic spectrum sharing should not apply to any mobile bands, including the Educational Broadband Services (EBS), Broadband Radio Services (BRS), and Advanced Wireless Services (AWS) spectrum bands. As discussed in the attached presentation, Mr. Campbell explained that these bands are not suitable for sharing because they are intensively and efficiently in use.

Pursuant to Section 1.1206(b)(2) of the Commission's Rules, notice of this ex parte communication is being filed electronically. If you have any questions regarding this matter, please do not hesitate to contact the undersigned at 202-452-7823.

Copies of this letter are being sent to the participants via email.

Sincerely,

Fred B. Campbell, Jr.
President and CEO
WCAI
